

# **HRAWI submits a white paper on key recommendations of the Hospitality Industry to the Govt. of Maharashtra**

Last year your Association presented a White Paper to the Maharashtra Government listing out recommendations for hospitality.

- The MCGM considered the same and decided to eliminate multiplicity and duplicity of as many as 19 licenses and reduced them to just 3!
- 24x7 operations in the city has been permitted through the Model Shops & Establishments Act
- The Tourism Department has agreed to open up tourism zones in the city & the plan may be realized soon.

The HRAWI continues to engage with the Government to make progress for the hospitality industry and we thank you for your continued co-operation and support.
