

Enrise by Sayaji, Latur Opens in MIDC Hub, Strengthening Marathwada's Hospitality Infrastructure

Enrise by Sayaji, Latur has officially opened in the city's Old MIDC Area, marking a significant addition to the hospitality infrastructure of Maharashtra's Marathwada region.

The 30-room hotel is strategically positioned to serve Latur's expanding industrial and business corridor, reinforcing the city's emergence as one of India's fast-growing tier-2 markets.

Strengthening Marathwada's Business Hospitality

Located in Latur, a city with a population of over 24 lakh (Census 2011), the hotel taps into a strong agro-industrial ecosystem. Latur is widely recognised as a major soyabean trading hub and is home to 11 cooperative sugar factories, earning it the title "Sugar Belt of Maharashtra." This economic base continues to drive steady demand for quality business hospitality in the region.

The property features 30 keys across three categories:
