

Accor signs 250-key Sofitel in Ahmedabad, opening planned for 2030

Sofitel to Make Gujarat Debut with 250-Room Hotel in Ahmedabad

Accor has signed an agreement to develop a 250-room Sofitel hotel in Ahmedabad, marking the French luxury brand's entry into Gujarat. Scheduled to open in 2030, Sofitel Ahmedabad Palladium Mall Road will be developed in Thaltej by Fanidhar Infra & Hospitality LLP and is planned to cater to both corporate and leisure travellers, as well as weddings, social celebrations and business events.

The hotel will feature 250 guestrooms, five food and beverage outlets and approximately 2,550 sq. m. of banqueting and MICE space. Other facilities will include a kids' club and wellness and leisure amenities, creating a comprehensive offering for business travellers, families and social groups. The large-format event facilities are expected to support meetings, conferences, weddings and other gatherings.

Maud Bailly, CEO, Sofitel Legend, Sofitel, MGallery & Emblems, said the Ahmedabad signing marks Sofitel's entry into Gujarat and will bring together the brand's French identity with local cultural influences. Ranju Alex, CEO, Accor South Asia, said Ahmedabad's expanding business ecosystem, including the growth of GIFT City, industrial activity and improving connectivity, makes the city an important market for the group's luxury expansion. With the signing, Accor continues to expand its portfolio across India and South Asia, where it currently operates 77 hotels across luxury, premium, midscale and economy segments.
