

## **IHCL signs new Ginger Hotel at Mumbai Airport T2**

Indian Hotels Company (IHCL) has announced the signing of a new hotel under its Ginger brand at Terminal 2 of Mumbai International Airport. The 200-key Ginger Mumbai Airport T2 will be part of a mixed-use development featuring retail and commercial spaces, offering travellers seamless convenience within the airport precinct.

The property will feature Ginger's signature all-day dining restaurant Qmin, a bar, meeting rooms, and a fitness centre, catering to both business and leisure travellers seeking smart and efficient hospitality.

Suma Venkatesh, Executive Vice President – Real Estate & Development, IHCL, said:

“The growing passenger traffic at Terminal 2 reflects the rising demand for hospitality across all segments. The signing of this new hotel gives Ginger a dual presence across both terminals in Mumbai and further reinforces the brand's position across India's vital transit hubs.” She added that the brand's footprint now spans major airports including Mumbai, Bengaluru, Kolkata, MOPA Goa, and near airports in Nagpur and Coimbatore.

With this development, IHCL's portfolio in Mumbai increases to 14 hotels, including two currently under development, strengthening its leadership in one of India's most competitive hospitality markets.

Tunviej Mopalwar of Hazoor Multiprojects Private Limited (HMPL) expressed enthusiasm about the collaboration, calling it a step forward in enhancing hospitality offerings within the prime airport vicinity.
