

Hyatt signs Hyatt Place Ahmedabad Nikol hotel

Hyatt Hotels Corporation has announced the signing of Hyatt Place Ahmedabad Nikol, further strengthening its expansion in India. The 140-key property, being developed by Golden Buildcon, will enhance the brand's presence in Ahmedabad—a prominent commercial hub in Gujarat.

The upcoming hotel will feature a range of dining options, including an all-day restaurant and a convenient grab-and-go market. It will also house a 3,455 sq ft ballroom, along with conference rooms and a boardroom, catering to the growing demand for meetings and events. Additional amenities such as a fitness centre and swimming pool will serve both business and leisure travellers.

Dhruva Rathore, Vice President – Real Estate & Development for India & Southwest Asia at Hyatt, said, “Ahmedabad continues to witness strong economic growth, driven by infrastructure development, manufacturing, financial services, and entrepreneurship. This signing underscores our confidence in the city's evolving hospitality landscape and reinforces our commitment to expanding Hyatt's portfolio in high-growth markets across India. We look forward to delivering thoughtfully designed hospitality experiences that meet the needs of both business and leisure travellers.”

This development aligns with Hyatt's broader strategy to expand across key gateway cities and emerging markets in India, supported by rising demand from both business and leisure segments.
