

Radisson Hotel Group signs two new hotels in Mumbai Metropolitan Region

Group expands footprint in Thane and Mira Bhayandar with 217-key dual hotel signing in partnership with Vihang Group

Radisson Hotel Group has announced the signing of two new properties — Radisson Hotel Mumbai Thane and Radisson Hotel Mumbai Mira Bhayandar — in partnership with Vihang Group. The dual signing adds 217 keys to the Group's growing portfolio and reflects its strategy of expanding into emerging business corridors within the Mumbai Metropolitan Region.

The Thane property will feature 114 rooms, while the Mira Bhayandar hotel will offer 103 rooms and is set to become the first five-star hotel in the micro-market. Both hotels will include dining venues, banquet and meeting spaces, along with leisure facilities such as a gym and swimming pool, catering to growing demand from business, MICE and social events.

Commenting on the development, Nikhil Sharma said the signings align with the Group's strategy of strengthening its presence in high-growth urban clusters driven by rising commercial activity and infrastructure development. The projects are expected to benefit from strong connectivity, including access to National Highway 48, upcoming metro links and proximity to key business hubs across Mumbai.
