

A new InterContinental hotel is coming to Goregaon in Mumbai

IHG Hotels & Resorts has announced the signing of InterContinental Mumbai Goregaon in partnership with Zon Hotels (Mumbai) Private Limited, further strengthening its luxury portfolio in India. Scheduled to open in the first quarter of 2030, the hotel will be strategically located in Goregaon, one of Mumbai's fastest-growing commercial and business districts, offering convenient access to key corporate hubs, entertainment centres, and transport links.

The upcoming hotel will feature 350 well-appointed guest rooms, including 70 suites, designed to cater to the needs of both business and leisure travellers. Guests will have access to a range of premium facilities, including five dining venues, a large ballroom and meeting spaces, a fitness centre, spa, swimming pool, retail outlets, and ample parking facilities.

The signing reflects IHG's confidence in Mumbai's growing hospitality market and the increasing demand for luxury accommodation in the city. With the globally renowned InterContinental brand making its presence felt in Goregaon, the property is expected to emerge as a landmark destination in North Mumbai, combining world-class hospitality, contemporary design, and elevated guest experiences. The collaboration also reinforces the long-standing relationship between IHG and Zon Hotels, with both partners aiming to set new benchmarks for luxury hospitality in the region.
